

Tumakuru Smart City Limited

SKILL DEVELOPMENT THROUGH FIRING SIMULATOR FOR NCC CADETS

Smart Jawans, the proposed infrastructure for setting up the firing simulator will be built at existing NCC Training Grounds in Ward No. 19. The project includes the construction of the building for housing the Firing Simulator and the commissioning of the Firing Simulator respectively.

Identified Location: NCC 4 Kar Battalion, Tumakuru.

Objectives:

- Training shall be conducted in a short span of time-frame for the cadets.
- Every year, cadets of around 18000 are likely to be trained in around 30 capsules each for every 30 days.
- Cadets shall be employed in a profession namely Armed Forces, Security Services and Private Security Services etc.
- A Simplified training with true virtual shooting range.
- Introduce weapon to a cadet without the anxiety of shooting an actual weapon for the first time.
- Large number of Cadets are trained in a short span of time despite the limitation of ammunition and weapons.

Employability of the every NCC Cadets shall be increased by promoting the Self-employability and Entrepreneurship among.
